Education

- 1992–95 Palacký University Olomouc, Faculty of Science; *Systematic Biology and Ecology*; thesis *Study of soil fauna* – Bc. (≈ BSc)
- 1995–97 Palacký University Olomouc, Faculty of Science; *Systematic Biology and Ecology – System and Ecology of Invertebrates*; thesis *Ecological study of Chilopoda, Diplopoda and Isopoda in Litovelské Pomoraví Protected Landscape Area* – Mgr. (≈ MSc)
- 1997–02 Palacký University Olomouc, Faculty of Science; *Ecology & Environment Protection*; thesis *Centipedes (Chilopoda) of floodplain forests affected by summer flood* – PhD
- 1997–05 Palacký University Olomouc, Faculty of Philosophy; *Psychology*; thesis *Altruism - motivation of unselfish behaviour* – Mgr. (≈ MA)
- 2008 Palacký University Olomouc, Faculty of Science; *Teaching of Biology in the Environmental Protection*; thesis *On the identity of the centipede species described in the genus Lithobius by L.J. Dobroruka from the Czech and Slovak Republics* – RNDr. (≈ Dr.rer.nat.)
- 2018 Palacký University Olomouc, Faculty of Science; *Ecology*; thesis *Soil Fauna* – doc. (≈ assoc. prof.)

Professional appointments

- 2002–07 *researcher*, Dept. of Ecology and Environmental Science, Palacký University Olomouc
- 2007–18 *assistant professor*, Dept. of Ecology and Environmental Science, Palacký University Olomouc
- 2018– *associate professor*, Dept. of Ecology and Environmental Science, Palacký University Olomouc

Main field of interest

Different aspects of taxonomy, biology, ecology and behaviour of soil macrofauna:

- Changes of behaviour of millipedes and woodlice induced by experimental stimuli
- Centipedes of Asia

Issues (2025-09-17):

- Articles in journals with IF: 60
- Articles on WOS: 63 – core collection, 155 – all databases;
- Cumulative IF = 88.8;
- Sum of Times Cited without self-citations on WOS: 747 – core collection, >1000 – all databases
- h-index: 14 – core collection of WOS, 16 – all databases of WOS, 23 – Google Scholar

Research projects

1998–00 *The impact of deforestation on the soil fauna of floodplain forests*, internal UP grant no. 32503005/98, 32503009/99, 32503009/00 (*principal investigator Tuf*)

1998 *Biodiversity of selected groups of terrestrial invertebrates in the Litovelské Pomoraví Protected Landscape Area*, internal UP grant no. 32703010/98 (*principal investigator Mazánek*)

- 2000–04 *Analysis and synthesis of selected components of terrestrial and aquatic ecosystems in the landscape*, Research Project of the Ministry of Education, Youth and Sports of the Czech Republic No. MSM 153100014 (principal investigator Šarapatka)
- 2003 *Tolerance of soil macrofauna to flooding and its changes during the year*, FRVŠ grant of the Ministry of Education, Youth and Sports of the Czech Republic No. G4–57/2003 (principal investigator Tuřová)
- 2005–07 *The impact of mountain pine (Pinus mugo) plantations on the biotope and species diversity of the arctic-alpine tundra in the eastern Sudetes (Jeseníky Protected Landscape Area, Králický Sněžník National Nature Reserve). Proposal for the management of these stands*, Ministry of the Environment grant No. SM/6/70/05 (principal investigator Hošek)
- 2005–07 *Protection of biodiversity in southern Altai in the context of current environmental transformations and socio-economic development*, Ministry of the Environment grant No. 121/05-07/MŽP/B (principal investigator Chlachula)
- 2006 *Central European centipedes (Chilopoda) – variability of specific characters*, SYNTHESYS project No. PL-TAF–1478 (principal investigator Tuf)
- 2006 *Central European centipedes (Chilopoda) – type material in the Natural History Museum Vienna*, SYNTHESYS project No. AT-TAF–1479 (principal investigator Tuf)
- 2006 *Identification Practical Course in Zoology (Invertebrates) – teaching and learning materials*, FRVŠ MŠMT ČR grant No. F4d–912/2006 (principal investigator Tuf)
- 2006–11 *Optimization of agricultural and river landscapes in the Czech Republic with an emphasis on biodiversity development*, National Research Program II. Project No. 2B 06101 (principal investigator Šarapatka)
- 2007 *Innovation in the teaching of Comparative Psychology at Palacký University Olomouc*, FRVŠ MŠMT ČR grant no. F5a–344/2007 (principal investigator Tuf)
- 2008 *Methodological approaches to the study of soil and subterranean fauna*, grant FRVŠ MŠMT ČR No. G4–2350/2008 (principal investigator Laška)
- 2008–10 *Optimization of organic farming and selected agro-environmental measures with an emphasis on nature and landscape conservation*, grant MŽP No. SP/2D3/155/08 (principal investigator Šarapatka)
- 2009 *Evolutionary Psychology – a new subject at Palacký University Olomouc*, grant FRVŠ MŠMT ČR No. F5b–2336/2009 (principal investigator Tuf)
- 2009–12 *Environmental education developing practical application*, reg. no. CZ.1.07/2.2.00/07.0086, European project in the Operational Program Education for Competitiveness, project co-financed by the ESF and the state budget of the Czech Republic (principal investigator Machar)
- 2010–13 *Improving the quality of teaching in environmental fields at the Faculty of Science, Palacký University Olomouc*, reg. no. CZ.1.07/2.2.00/15.0265, European project in the Operational Program Education for Competitiveness, project co-financed by the ESF and the state budget of the Czech Republic (principal investigator Tkadlec)
- 2012–14 *Development and innovation of teaching in ecological fields through the complementary linking of study programs at Palacký University Olomouc and the University of Ostrava*, reg. no. CZ.1.07/2.2.00/28.0149, European project in the Operational Program Education for Competitiveness, project co-financed by the ESF and the state budget of the Czech Republic (principal investigator Kuras)
- 2012–14 *Modification of the profile of graduates of biological study programs at the Faculty of Science, Palacký University Olomouc: expansion of practical teaching and molecular, evolutionary, and cytogenetic fields*, reg. no. CZ.1.07/2.2.00/28.0158, European project in the Operational Program Education for Competitiveness, project co-financed by the ESF and the Czech state budget (principal investigator Bocák)
- 2012–16 *Soil degradation and its impact on soil properties, including proposals for corrective measures to restore the agroecological functions of soil*, Ministry of Agriculture grant no. QJ1230066 (principal investigator Šarapatka)
- 2013–15 *Risks and benefits of applying exogenous organic matter to soil*, reg. no. CZ.3.22/1.2.00/12.03445, European project in the CZ-PL Cross-Border Cooperation Operational Program 2007– QJ1230066 (principal investigator Šarapatka)

- 2016–18 *Soil protection through optimization of spatial and functional parameters of landscape structure*, Ministry of Agriculture grant no. QJ1630422 (principal investigator Šarapatka)
- 2020 *Innovation in the teaching of zoological subjects at Department of Ecology and Environmental Sciences*, FRUP_2020_30, Palacký University Olomouc Development Project Competition (**principal investigator Tuf**)
- 2023–26 *Strip crop rotation as an adaptation measure to optimize landscape water management*, TAČR No. SS06010290 (principal investigator Šarapatka)
- 2024–26 *Development and verification of local measures for the long-term support of soil organisms and desirable groups of invertebrates in intensively farmed areas*, TAČR No. SS07010439 (principal investigator Šarapatka)

Lectures

Communities of centipedes in three floodplain forests of various age in Litovelské Pomoraví.

– 11th International Congress of Myriapodology, Białowieża, Poland, July 22nd, 1999

*Impact of summer flood on soil fauna and its consecutive development – population of centipede *Lithobius mutabilis* as example.*

– seminary ISB AS CR, České Budějovice, Czechia, November 7th, 2002, in Czech

- Diurnal epigeic activity of centipedes and millipedes (Chilopoda & Diplopoda).* (co-author Tufová)
– 13th International Congress of Myriapodology, Bergen, Norway, July 28th, 2005
- Changes in soil macrofauna communities (Coleoptera: Carabidae, Isopoda: Oniscidea) during seven years after an irregular summer flood.* (co-authors Dedek, Jandová, Tvardík)
– Floodplains: Hydrology, Soils, Fauna and their Interactions, Görlitz, Germany, September 14th, 2005
- Chilopoda of the Czech Republic.*
– seminary MIZ PAN, Warszawa, Poland, May 25th, 2006
- Как изучать почвенные беспозвоночные? (How to study soil invertebrates?)*
– workshop of Office Katon-Karagai State National Nature Park, Katon-Karagai, Kazakhstan, June 30th, 2006, in Russian
- Impact of cutting to soil fauna: different methods – different results?*
– seminary Dept. of Biology, BF, University of Ljubljana, Slovenia, September 28th, 2006
- Who's afraid of water? – soil invertebrates and water relations.*
– seminary Institute of Botany and Zoology, Fac. Nat. Sci, Masaryk University, Brno, Czechia, November 16th, 2006
- Diurnal epigeic activity of terrestrial isopods (Isopoda: Oniscidea).* (co-author Jeřábková)
– 7th International Symposium on the Biology of Terrestrial Isopods, Tunis, Tunisia, March 30th, 2007
- Некоторые беспозвоночные Катон-Карагайского Нацпарка.* (Selected groups of invertebrates of the Katon-Karagay NP.)
– workshop of Office Katon-Karagai State National Nature Park, Katon-Karagai, Kazakhstan, July 9th, 2007, in Russian
- Биоразнообразие беспозвоночных Восточного Казахстана (Алтай).* (Diversity of selected taxa of Everterates of the Altai (East Kazakhstan).)
– Modern Approaches to Biodiversity Protection in the Context of Steady Development Achievement of Republic Kazakhstan, Ust-Kamenogorsk, Kazakhstan, July 19th, 2007, in Russian
- Distribution of myriapod fauna in medium-sized towns (Hodonín and Jičín, Czech Republic).* (co-authors Riedel, Navrátil, Tufová)
– 14th International Congress of Myriapodology, Görlitz, Germany, July 25th, 2008
- Nature in City & Subterranean traps – specific method of soil animals sampling.*
– seminary of Dept. of Zoology, Fac. Nat. Sci., Komenský University, Bratislava, Slovakia, October 27th, 2009, in Czech
- Distribution patterns of soil fauna on mountain pastures – how to improve biodiversity?* (co-authors Gabriš, Petrusek, Veselý)
– 11th Central European Workshop on Soil Zoology, České Budějovice, Czechia, April 12th, 2011
- Marking and its influence on behaviour of common pill woodlouse.* (co-author Drahekoupilová)
– 8th International Symposium of Terrestrial Isopod Biology, Bled, Slovenia, June 23rd, 2011
- Marking and its influence on behaviour of pill millipede.* (co-author Drahekoupilová)
– 15th International Congress of Myriapodology, Brisbane, Australia, July 21st, 2011
- Myriapoda*
– seminary, University of Padova, Padova, Italy, October 23rd, 2012
- Ecology of Animals*
– 45-hour course at Pavlodar State University, Pavlodar, Kazakhstan, November 7–17th, 2012 (in English with Russian interpretation)
- Terrestrial invertebrates as model group for biodiversity studies*
– seminary, Universiti Brunei Darussalam, Bandar Seri Begawan, Brunei, January 21st, 2014 (co-authors Kuras, Kočárek)
- Is defensive behaviour of woodlouse affected by its personality?* (co-authors Čmielová a Šipoš)
– 9th International Symposium of Terrestrial Isopod Biology, Poitiers, France, June 29th, 2014
- Bait traps for sampling of soil dwelling myriapods* (co-authors Dobroruka, Hábová, Hudcová, Chmelík, Šipoš)
– 16th International Congress of Myriapodology, Olomouc, Czechia, July 24th, 2014
- Defensive behavior of terrestrial isopods.* (co-authors Drábková, Šipoš)
– 13th Central European Workshop on Soil Zoology, České Budějovice, Czechia, April 13th, 2015

Reakcja fauny glebowej na stosowanie egzogennej materii organicznej do nawożenia gleb. (co-author Horňák)
 – Badania egzogennej materii organicznej w celu bezpiecznego stosowania do gleby, Jelenia Góra, Poland, May 26th, 2015 (in Czech with Polish interpretation)

Effect of increased temperature on behaviour of millipedes (co-author Smolová)
 – 17th International Congress of Myriapodology, Krabi, Thailand, July 23rd, 2017

Terrestrial isopods inhabiting wood fragments in rural landscape (co-authors Šarapatka, Horňák, Čáp)
 – 10th International Symposium on Terrestrial Isopod Biology, Budapest, Hungary, August 28th, 2017

Storage media change heavy metal detection in terrestrial isopods (co-authors Stofferová, Hekera)
 – 10th International Symposium on Terrestrial Isopod Biology, Budapest, Hungary, August 29th, 2017

Effect of predators on behavior of terrestrial isopods. (co-authors Hudcová, Blažek, Horňák, Machač, Pavelcová, Řezáč, Vaverka)
 – 10th International Symposium on Terrestrial Isopod Biology, Budapest, Hungary, August 29th, 2017

Terrestrial isopods are weird crustaceans
 – seminary, University of Pisa, Pisa, Italy, December 19th, 2019

How terrestrial isopods resist predators (invited lecture)
 – seminary, University of Ostrava, Ostrava, Czechia, March 30th, 2021

Caucasian centipedes (Myriapoda: Chilopoda) with special focus on cave fauna
 – 1st Caucasian Symposium on Subterranean Biology, Tbilisi, Georgia, June 16th, 2023

Does formaldehyde affect trapability of terrestrial isopods? (co-author Novotná)
 – 12th International Symposium of Terrestrial Isopod Biology, Olomouc, Czechia, July 10th, 2023

Artificial aposematic colouration of woodlouse does not affect lizard behaviour (co-author Skočková)
 – 12th International Symposium of Terrestrial Isopod Biology, Olomouc, Czechia, July 12th, 2023

Pitfall traps do not measure activity-density of millipedes and centipedes (co-authors Novotná, Tajovský)
 – 19th International Congress of Myriapodology, Bogota, Colombia, August 8th, 2023

Beyond the outbreak: managing millipede invasions (spoluautor Sikorová)
 – 20th International Congress of Myriapodology, Srebrno Jezero, Serbia, July 24th, 2025

+ other lectures in Czech (e.g. on Czech – Slovak myriapodological workshops, on Zoological days, invited lectures at other Czech universities, Centres of Environmental Education, popular lectures for the public etc.)
